### How to process a payroll

Four Simple steps

### What our customers are saying

"The system is easy to use, the staff are also lovely and very helpful. Not only has it made our payroll process easier but also our superannuation payments, payroll tax and state tax preparation, expenses reimbursed and travel allowance processes. I thoroughly recommend CloudPayroll"

Assistant Accountant - Victoria

"There is no doubt that CloudPayroll is a great payroll system however the point of difference is the customer service and support. Their people are efficient, attentive and an absolute pleasure to deal with and I could not recommend them more highly."

Human Resources Manager NSW

"CloudPayroll is the simplest way to pay our staff - they look after everything for us."

Business Owner/Director- Victoria "

### We make it easy to change systems

CloudPayroll make it seamless to migrate from manual or other payroll systems. We set it up for you including implementation and training then provide on-going unlimited support.

**FREE TRIAL** - A no obligation free trial and demonstration available providing the best way to evaluate the system and realize the benefits for you and your company.
